

<p>Item 1: Introduction</p>	<p>Justly Markets LLC (“JUSTLY,” “we,” “our,” “us”) is registered with the Securities and Exchange Commission (SEC) as a broker-dealer. We are also members of FINRA and SIPC. Brokerage and investment advisory services and fees differ, and it is important for retail customers (“you”) to understand these differences. Free and simple tools are available to research firms and financial professionals at Investor.gov/CRS, which also provides educational materials about broker-dealers, investment advisers, and investing.</p>
<p>Item 2: Relationships and Services</p>	<p>What investment services and advice can you provide me? We offer access to investments in Reg D, Reg A, and Reg CF private offerings to retail customers through an internet based platform “the platform.” Our investment offerings are limited to those which are accessible through the JUSTLY platform. We do not provide investment advice to retail customers. We do not offer traditional brokerage services to retail investors; rather, JUSTLY facilitates your funds intended for investment to be maintained in an escrow account. If a deal does not meet the JUSTLY funding requirements, such funds are promptly returned to you. Our current investment minimum is \$100 for the investor. Issuers may set their own minimum investment separate from JUSTLY and at their sole discretion. We offer access to investments subject to a due diligence process via our platform to ensure that investors meet applicable criteria. We do not open accounts for investors, as such, we do not provide any account monitoring. Lack of communication from Justly with regard to your investment should not be deemed investment advice to buy, sell, or hold an investment. We do not accept discretionary authority under any circumstances; as such, the ultimate decision whether or not to invest in a particular offering rests with you.</p> <p>For more detailed information please review https://investjustly.com/contact-us/ Conversation starter.</p> <p>Questions to ask your Financial Professional:</p> <ul style="list-style-type: none"> • Given my financial situation, should I choose a brokerage service? Why or why not? • How will you choose investments to recommend to me? • What is your relevant experience, including your licenses, education, and other qualifications? What do these qualifications mean?
<p>Item 3: Fees, Costs, Conflicts, and Standards of Conduct</p>	<p>What fees will I pay? We do not charge fees at this time. You will pay fees in connection with the opening of a brokerage account with a qualified custodian to maintain the investments you choose to invest in via the platform. These fees are separate from JUSTLY and we do not receive any portion of such fees. We encourage you to understand what costs and fees you are paying, and you should contact your custodian for this information. You will pay fees and costs whether you make or lose money on your investments. Fees and costs will reduce any amount of money you make on your investments over time. Please make sure you understand what fees and costs you are paying.</p> <p>For additional information, please contact info@investjustly.com Conversation starter. Questions to ask your Financial Professional:</p> <ul style="list-style-type: none"> • Help me understand how these fees and costs might affect my investments. • If I give you \$10,000 to invest, how much will go to fees and costs, and how much will be invested for me?
	<p>What are your legal obligations to me when acting as my investment adviser? How else does your firm make money and what conflicts of interest do you have? We do not provide investment advice. The way we make money creates some conflicts with your interests. You should understand and ask us about these conflicts because they can affect the services we provide you. Here are some examples to help you understand what that means. We participate in revenue sharing arrangements with the sponsors or have commission sharing arrangements with a broker-dealer associated with each transaction for the investments we make available via the platform. This poses a conflict of interest, because we are incentivized to offer investments where such an agreement exists; the more you invest, the more we are compensated by the investment sponsor or earn from a commission sharing arrangement with a broker-dealer. We will charge our issuers 6 to 10% of money raised and 2 to 4% in stock. We do not charge investors.</p>

	<p>How might your conflicts of interest affect me, and how will you address them? For additional information, please review the following: https://investjustly.com/privacy-policy/ https://investjustly.com/cookie-policy/ https://investjustly.com/business-continuity/</p> <p>How do your financial professionals make money? Our financial professionals are compensated in the form of distributions of an annualized salary from the Firm. They may also be compensated in the form of occasional or annual bonuses, based on merit. Our financial professionals are not compensated on a transactional basis with respect to transactions in investments offered via the JUSTLY platform.</p>
<p>Item 4: Disciplinary History</p>	<p>Do you or your financial professionals have legal or disciplinary history? No; neither our firm nor our financial professionals have any legal or disciplinary history to disclose. Visit Investor.gov/CRS for a free and simple search tool to research us and our financial professionals. Conversation starter. Questions to ask your Financial Professional: As a financial professional, do you have any disciplinary history? For what type of conduct?</p>
<p>Item 5: Additional Information</p>	<p>For additional information about our services can be found on our website, https://investjustly.com/.
